ADVANTAGES

- Spare part for fibreglass rods Ø 6 mm
- Extendable feet, including storage compartment
- Integrated digital metre counter
- Dual flow control system with quick-release or flow stop
- KTL/powder-coated

DESCRIPTION

The GF6 steel reel professional set Ø 530 mm with integrated metre counter is ideal for fibreglass rods with a diameter 6 mm. The dual-feed system can be quickly and easily switched between rapid feed (lower position) and automatic feed (upper position) simply by pulling out the red control knob. The metre counter enables precise length control with a switchable display in metres or feet. Extendable feet ensure excellent stability, whilst the integrated storage compartment provides practical space for accessories. The KTL-coated frame and powder-coated basket guarantee a particularly robust and durable design.

Scope of supply: 1 x GF6 Professional Set: steel reel Ø 530 mm with dual-outlet system, digital metre counter, locking brake, carrying handle, 2 x extendable feet and 2 x storage compartments, 1 x CR2032 battery
